

A.O. Cost and Schedule Lessons Learned Workshop

Schedule Discussion

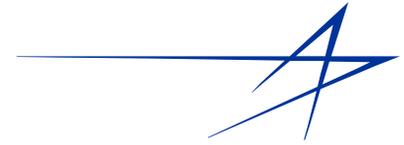

Nick Smith
17 April 2008

Retain Successful Elements

- AO Requirements for Project Schedule
 - Major project review dates
 - Instrument development
 - Spacecraft development
 - Instrument-to-spacecraft integration and test
 - Launch Vehicle integration
 - Mission operations and data analysis
 - Funded schedule reserve
 - Critical path

Additional Recommendations

- Recommend Extra Foldout for Schedule
 - Easier for Proposer to Tell Complete Story
 - Easier for Reviewer to Read
 - Include Primary and Secondary Critical Paths
 - Expand Detail for New Elements / New Technology
- Recommend Microsoft Project
 - Standardize Method for Presenting Schedule
